Special Testing Accommodations – Compliance with the Americans with Disabilities Act 1990 (42 USC 12101 et seq), as amended [ADA]

IHMM complies with the Americans with Disabilities Act 1990 (42 USC 12101 et seq), as amended [ADA], and is interested in ensuring that no eligible individual is deprived of the opportunity to take the exam solely by reason of a disability as defined under the ADA as long as the disability is not one which would render the individual incapable of performing the duties of a certified position.

Candidates who require special accommodations must declare the need for a testing accommodation on the online application itself. There is a checkbox for the applicant to affirm their declaration for special needs accommodations based on the ADA.

The reason for the accommodation must be recognized under the ADA from a qualified professional who has provided evaluation and treatment to the candidate and the candidate will be informed of any documentation requirements.

If you require special accommodations in order to take an IHMM exam please contact us at info@ihmm.org or call us at 301-984-8969.

*Accredited by the American National Standards Institute and
the Council of Engineering and Scientific Specialty Boards*
